

TEDWORTH HOUSE, TIDWORTH, WILTSHIRE

Landscape and planning input along with production of all Design and Access / Heritage Statements in support of a Personnel Recovery and Assessment Centre at Tedworth House.

On behalf of Help for Heroes, six permissions for Planning and Listed Building Consent were achieved in support of a Personnel Recovery and Assessment Centre at Tedworth House, involving conversion and extension of a former Officers' residence. MLA provided landscape and planning input as well as production of all supporting Design and Access / Heritage Statements.

In addition to a new build accommodation building, renovation and conversion provided sports and rehabilitation facilities - all negotiated with the Council and Historic England before the official Royal opening.
